437-925-5890 | mehdisyeddain@gmail.com | LinkedIn | Portfolio | Mississauga, ON

EDUCATION

Toronto Metropolitan University — Toronto, ON
Bachelor of Technology – Graphic Communication Management — Sep 2022 - Jun 2028

Certifications
HTML and CSS in depth / Programming with JavaScript – Meta (Coursera) — Dec 2023 - Jan 2024

EXPERIENCE

National Accounts Intern — Mississauga, ON
BSH Home Appliances Group (BOSCH) — Sep 2026 - Present

- Conduct biweekly competitive pricing and promotional tracking for 160+ products in Excel, tracking pricing and deals across major appliance brands and retailers to support pricing and promotional decisions within the National Accounts team.
- Developed a Python-based AI application to extract product models, pricing, and promotional details from retail photos, automating Excel tracker updates and reducing processing time by 90% from 5 hours to 30 minutes.
- Prepare weekly Sales Intelligence reports covering major brands and retailers, helping managers make informed pricing and promotional decisions by monitoring competitor promotions and offers, while supporting new product launches through product information, launch materials, and online retail content.
- Prepare and submit 5–10 invoices and claims weekly, ranging from $5K to $50K+, ensuring accurate documentation and supporting timely financial approvals across multiple appliance brands.

Growth Marketing & Analytics Intern — Markham, ON
IBM — Jan 2026 - Sep 2026

- Serve as the sole marketer for IBM Skills Network, promoting AI courses and certifications via newsletters (888K+ reach) and social media, driving 30K+ enrollments and revenue growth through targeted campaigns and optimized messaging, while gaining 20K+ followers across social media platforms in 6 months and collaborating with data teams to improve campaign performance.
- Develop and execute growth marketing strategies, including SEO optimization and A/B testing of campaign content and creative assets, while building and customizing newsletters using HTML and CSS.
- Leveraged data analytics tools such as Google Analytics (GA4), UTM tracking, and platform analytics, along with basic coding for data analysis, to monitor campaign performance, analyze engagement trends, and refine marketing strategies, maintaining a 15% newsletter click-through rate through campaign optimizations.

Founder & Digital Marketer — Mississauga, ON
AI Receptionist & Lead Generation (SM AI Solutions) — Dec 2024 - Nov 2025

- Launched an AI services company specializing in AI receptionists and lead generation, building brand through self-produced video content and social media campaigns across Meta & Google platforms.
- Developed and executed targeted Meta ad campaigns for an Australian plumbing client, generating 13 new commercial contracts valued at $200,000.
- Generated 450+ qualified B2B leads at $4.45 cost-per-lead through targeted digital campaigns, securing 85 meetings and closing 15 contracts with 18% conversion rate.
- Oversaw end-to-end marketing operations including $2,000 ad budget, A/B testing, audience targeting, content creation, and analytics tracking that drove 20,000+ impressions across 14,500+ unique users.

Assistant Operations Manager | Digital Marketing — Mississauga, ON
Classic Bowl — March 2022 - Sep 2026

- Designed and managed Meta ad campaign with a $500 budget that increased weekend foot traffic by 32%, generating 450+ clicks and reaching 3,500 local customers, while managing operations and delivering strong customer service.
